

Considerations for Collaboration II:

Developing Curriculum, Competencies, and Outcomes to meet the Requirements for Counseling Specializations

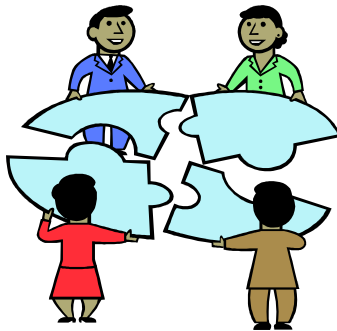

Tuesday, February 3rd from 2:00 to 3:30 P.M.

Workshop Description:

The Spiritual Care Collaborative '09 reminds us that we are all in the business of providing care and counseling. In rapidly changing healthcare systems, counseling services and training must find common ground, celebrate our differences, and share our wisdom in creative ways. Participants in this workshop will learn about a collaborative process for developing pastoral counseling curriculum and competencies. We will share our wisdom and take home resources for further development in individual training programs.

Participants will:

- Hear about a collaborative process for developing pastoral counseling using the structures of multiple cognate groups
- Receive training resources to be used to meet competencies for counseling (including pastoral counseling specialization, Pastoral Care Specialist, certified pastoral counseling levels)
- Discuss the creative use of individual settings to develop pastoral counseling

Presented by:

John C. Pearson, D.Min. ACPE and AAPC; Junietta B. McCall, D.Min. AAPC;
Harry E. Woodley, M.Div. AAPC - clinical pastoral training personnel from Beverly
Hospital/NHS, Beverly, MA.

Are You Ready to

LEARN

about a **collaboration cycle**

that incorporates an understandable **process**

that is mindful of **stages** of development

and **motivational factors** that promote the development of pastoral counseling competencies?

RECEIVE

a Pastoral Counseling **Competency Portfolio** adaptable for numerous pastoral counseling training programs

a supportive **work plan** format and contents for **didactics** to fill the requirements for counseling specialization (ACPE), Pastoral Care Specialist (AAPC), and introductory counseling

a current counseling **core bibliography**

SHARE

collaborative weals and woes

ideas for living the dream: Unity of Vision with Diversity of Expression

****Send us copies of your counseling competencies and we will share these too!****
